Manage enrollment to improve student diversity, access and success

The online Master of Education in Enrollment Management and Policy (EMP online) program will prepare you to lead efforts in admission, enrollment, financial aid, orientation, student retention and strategic enrollment planning at colleges, universities and private preparatory schools, while remaining fully employed. Taught by some of the most respected enrollment leaders in the field, the program is delivered in an interactive online format and includes on-campus immersion experiences.
Through the EMP online program, you will gain a deep understanding of enrollment policy and planning, including:
- Admission policy and practice
- Admission marketing strategies
- Equity and diversity in admission and enrollment management
- Data management and institutional enrollment research
- Strategic finance and financial aid
- Institutional and student factors in student progress to graduation
- Organizational leadership
- Enrollment policy and planning

ONLINE LEARNING ENVIRONMENT
In the virtual classroom environment, you will interact with student colleagues and faculty both synchronously (classes occurring in real time) and asynchronously (projects that can be completed any time of day). Synchronous discussions occur in the learning management system’s live classroom. Here, you will learn directly from our master faculty through interactive mini-lectures. The learning experience is bolstered by highly interactive, engaging and collaborative small-group discussions facilitated by faculty.
