

Strengthen families and relationships

Sheetal Chib, MFT '08 is a licensed marriage and family therapist and the director of sexual assault crisis services at YWCA Greater Los Angeles.

The **Master of Marriage and Family Therapy (MFT)** program will prepare you to lead as a culturally competent therapist who can critique and transform systems in public mental health clinics, schools and private practice. You will be trained to address a spectrum of challenges such as relationship stressors, family dysfunction, parenting concerns and behavioral difficulties facing families, couples, adults and children. You will learn the best practices of recovery-oriented care and how to meet client needs rather than expecting them to adapt to a system that may not meet their needs.

Through the MFT program, you will gain:

- Expertise in helping individuals attain their life goals
- Skills to aid clients in overcoming barriers to well being
- Knowledge in all relevant aspects of the field, from abuse to addiction

- Successful completion of both the state written exam (multiple choice) and written clinical vignette exam coordinated by the California Board of Behavioral Sciences
