

Strengthen
families and
relationships

Sheetal Chib, MFT '08 is a licensed marriage and family therapist and has worked as the director of sexual assault crisis services at YWCA Greater Los Angeles.

The **Master of Science in Marriage and Family Therapy (MFT)** program will prepare you to lead as a therapist with cultural humility who can critique and transform systems in public mental health clinics, schools and private practice. You will be trained to address a spectrum of challenges such as relationship stressors, family dysfunction, parenting concerns and behavioral difficulties facing families, couples, adults and children. You will learn the best practices of recovery-oriented care and how to meet client needs rather than expecting them to adapt to systems that may not have been designed to work for them.
